*Particular danger caused by material, its combustion products or gases:* combustion products of carbon

---

**6. Accidental release measures**

*Procedure for cleaning:* Adsorb mechanically and collect in a suitable container. Avoid production from dust.

---

**trade name: LUKAS Pure Artists' Pigments, Ivory black, No. 2582**

---

**7. Handling and storage**

*Directions for safe handling:* Handling as usual for working with chemicals. Avoid production of dust. Avoid skin and eye contact. Keep away from food and drink stuffs. Local ventilation. Earthing of equipment. Keep away from source of ignition. Don't smoke.

*Storage:* Store in a cool and dry place.

---

**8. Exposure controls/Personal protection**

No more instructions. See 7.

*Components with work-place related limits to be monitored:*

MAK: 6 mg/kg (fine dust)

If workplace exposure limit is exceeded apply respiratory protective equipment

---

**9. Physical and chemical properties**

Form: powder  
Colour: black  
Odour: minor  
pH value: 5 - 8  
Density: 2,3 – 2,5 g / ml

melting point: thermal decomposition above temperatures over 350°C.

---

**10. Stability and reactivity**

*Thermal decompositions:* thermal decomposition above temperatures over 350°C. with heating above decomposition temperature: production of carbon monoxide CO, carbon dioxide CO<sub>2</sub>  
No decomposition when stored and handled correctly.

---

**11. Toxicological information**

*No data available.*

*Experiences with human beings:* To date handling this product has not been known to cause any detrimental effects.

---

**12. Ecological information**

The product should not be allowed to enter drains or water courses.

---

**13. Disposals considerations**

Do not dispose in domestic waste.

Can be disposed of with domestic refuse in accordance with necessary technical regulations following consultation with waste disposal expert(s) and the responsible authorities.

In accordance with EU Directives

---

**trade name: LUKAS Pure Artists' Pigments, Ivory black, No. 2582**

---

#### **14. Transport information**

Dangerous according to the transport regulations  
GGVS/GGVE/RID/ADR/IMDG                      no

---

#### **15. Regulatory Information**

On the basis of information available to us, this product is not a hazardous substance in the sense of the law on chemicals or the regulations on hazardous substances in the version which is currently valid.

---

#### **16. Other information**

The data presented here correspond to the present state of our knowledge and experience and are intended to describe our product with respect to possible safety demands. We imply with this however no guarantee of properties or description of qualities.
